

## SusHi Tech Tokyo 2025

*Sustainable High City Tech for a Future*

**–Fostering Open Innovation with Startups from Tokyo to the World–**

---

### What is “SusHi Tech Tokyo 2025”?

"SusHi Tech Tokyo" (Sustainable High-City Tech) is a Tokyo-based global conference aimed at creating "sustainable new value" to address global urban challenges through cutting-edge technologies, diverse ideas, and digital expertise. In 2025, the event will expand its venue size and program lineup, bringing together ecosystem players, including international venture capitalists and major Japanese corporations. It provides unparalleled opportunities to explore new investment prospects and forge collaborative partnership.

---
